

# Welcoming New Undergraduates!

The new academic year starts on Monday 24 September with a week of welcome activities before teaching starts on Monday 1 October 2018. If you're wondering which of these events you should go to, the answer is all of them!

The week includes a six-hour creative hackathon, undergraduate social events and induction sessions for all new students.

DoC Hack, our welcome week hackathon is organised by student tech society Hacksmiths. For six hours, you'll design and build tech projects – and meet students & staff from across the department in a relaxed, informal environment. No special skills needed – just bring a laptop.

## Monday 24 September

- **College enrolment** 1.30pm-5.00pm Richard Hoggart Building, Great Hall  
Find your enrolment slot on <https://www.gold.ac.uk/welcome/enrolment/>

## Tuesday 25 September

- **DoC Hack** 10.30-5.30pm Richard Hoggart Building, 300 + 300a  
*Probably the best way to meet new people and acquaint yourself with the Goldsmiths Computing community. For 6 hours you'll get to design and build weird, wacky and wonderful projects while meeting new people and having fun, before a relaxed show and tell. No skill, ideas or team needed - just bring a laptop and we'll sort the rest.*

## Wednesday 26 September

- **New Student Induction** 10.30am-12noon Whitehead Building, Ian Gulland Lecture Theatre
- **Meet Your Programme Leaders** 12.00-1.00pm Various rooms
- **Employability Lunch Session** 1.00pm-2.00pm Whitehead Building, Ian Gulland Lecture Theatre  
*Lunch provided*
- **New Student Reception** 4.30pm-6.30pm Professor Stuart Hall Building, Lower Atrium  
*A chance to meet colleagues and academic staff in a more relaxed setting*
- **Optional Library tours** at 2.00pm, 2.15pm, 3.30pm, 4.15pm

Please make sure you've read the information for new students available at <https://www.gold.ac.uk/welcome/>
