INTERNAL CHECKING ARRANGEMENTS (I)

Declaration to be completed by the IE

I confirm that this paper

☐ does not substantially reproduce coursework that students have attempted during the current session

☐ (for written exams only) conforms to the departments' documented standard format **OR**

☐ the format has been agreed with the Exams Officer.

Initials .... Date ....

To be completed by the Moderator

I confirm that I have checked this paper and (please tick as appropriate)

☒ I am entirely satisfied that this paper adequately assesses the documented learning outcomes of the course, is of an appropriate level of difficulty and is free from technical errors, and that the provided model answers and marking scheme are clear and reasonable.

☐ For **resit** papers: the paper is accompanied by coursework which students can reasonably attempt over the summer without supervision..

☐ I have made corrections/suggestions in the space provided, as an attached document, or as comments on the draft (please attach a PDF scan in the last case).

INTERNAL CHECKING ARRANGEMENTS (II)

To be completed by the Internal Examiner. Please list your responses to the Moderator's comments in the space provided or as an attached file, with a list of amendments you have made, and upload your revised draft.

Completed: .... (initials) .... (date)

EXTERNAL CHECKING ARRANGEMENTS
To be completed by the External Examiner

I confirm that I have checked this paper and compared it with the documented Course Information, and (please tick as appropriate)

☐ I am entirely satisfied with all aspects of the paper and have no comments to make

☑ I am satisfied with the standard of the paper but have made minor corrections/suggestions

☐ I am satisfied with the content of this paper but have made corrections/suggestions, and I wish to receive the Internal Examiner's response and/or* a corrected version (*delete as appropriate)

☐ I consider that this paper is unsatisfactory in content and should be re-written

Initials ....M.huch............. Date ..19/2/10...........

Please make any comments or suggestions about this examination paper in the space provided, as an attached document or as comments on the draft itself. In the last case please upload a scan of the annotated draft.

Little to say. Nice guide.
But, I'd like a space on the worksheet for some overall comments — there's a danger that there will be little project-specific content!
